

THE BENEFITS

Owner's Title Insurance and the EAGLE POLICY

How much should you risk when purchasing a home?

Enough of a risk to endanger your right to ownership or cost you money defending it.

While we often assume that there should be no risks in selling or transferring property, they do exist. Through the years, your new property may have changed hands many times through sale, inheritance, foreclosure or bankruptcy. Each transfer was an opportunity for an error in title to arise. If an error occurred, and has never come to light, it puts your title in jeopardy. Even if you successfully defend your rights of ownership, the cost in time and legal fees could be prohibitive.

We at First American understand that your home is possibly the largest financial investment you will make but the investment is not just financial. Buying a home is also an investment in the future for you and your family. That is why we created the EAGLE Owner's title insurance policy. This Owner's policy provides more than safeguards for the title to your property - it provides you with peace of mind by taking the risk out of acquiring title to your property.

"Obtain peace of mind in your new property purchase."

The EAGLE Owner's policy is the premier policy in the industry because it provides the best and most comprehensive coverage for owners of one-to-four family residences, including condominiums from the title industry leader that has been setting the standards for over 100 years.
